

**Product ID:**  
RGK88

**Product Name:**  
62mm Aluminium Double-Action  
Scaffold Hook with Captive Eye

Similar to the RGK11, the RGK88 has a large gate opening, aluminium captive eye safety hook, normally fitted to fall arrest lanyards for quick clipping onto scaffold or steel structures.

The double action snap closure on this device means that it cannot be accidentally opened, but allows a quick operation often used on twin leg lanyards and slightly heavier than the RGK11 due to increased gate strength as required by ANSI standards.

**Accredited to:**  
EN 362: 2004  
ANSI Z359.12

**Material:**  
Aluminium

**Plating:**  
Anodised

**Gate opening:**  
62mm

**Eye diameter:**  
30mm

**External length:**  
248mm

**Closure type:**  
Double action

**MBS:**

23kN

**Weight:**  
640g

**Features:**

Double action

Captive eye
