Fresh'n Flex

Ballistic fabric midsole
Perforation 0 mm
Standard 20345:2011
(Nail 4,5mm - Force 1100 Newton).

daptive®

Smart and adaptive system, for a **dynamic comfort solution**. The shoe adapts according to the kind of applications in use: it **dissipates high impact energy**, **stabilizes the walk**, and it helps you maintain the **correct posture keeping the foot on axis**, **reducing risk of sprains**.

SmellStop

3D hi-tech fabric lining for the best breathability with **permanent antibacterial treatment***, it prevents the proliferation of bacteria and bad odors

Upper in **breathable knitted textile**, seamless

Aluminium toe-cap

Overcap, for a higher abrasion resistance

Double density TPU RXT outsole

- **Stability control, lightness, resistance and grip, in one single shoe**
- **Ideal for work on smooth and wet floors**
- **Designed for workers who spend most of their time standing.**

«RXT» is the new formula "made in Base Protection", for a sole that combines **lightness, high resistance to abrasion and slip**.

The **special tread pattern**, associated with a **new generation blend**, increases **grip** on the most critical work surfaces, **even in wet conditions**.

Shock absorbing is also enhanced in the front part (metatarsal area), for a greater **cushioning effect** and a feeling of comfort **on the entire sole of the foot**

*SmellStop: Treatment made with biocide *Zinc pyrithione (CAS-No. 13463-41-7)* product type PT 09 who counteracts the deposit of microorganisms on the surface of materials.
