ProFlex 925WP Waterproof Insulated Impact Gloves - ANSI/ISEA 138-2019 Level 2, EN 388: 4121XP, Dorsal Protection

FEATURES

- THERMAL INSULATION - Dual-zone 3M™ Thinsulate™ insulation traps body heat in critical areas for warmth without added bulk
- WATERPROOF AND BREATHABLE PROTECTION - Waterproof and windproof membrane insert blocks moisture and wind while allowing sweat to escape for all-day comfort
- DORSAL IMPACT PROTECTION - Full TPR armor with technical foam across knuckles and fingers absorbs and disperses blows to help prevent pinch injuries
- HIGH-STRENGTH GRIP - Dual-layer AX® Suede-reinforced palm provides secure handling and enhanced durability through repeated use
