**NLG ID™**  
Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

**Third-party tested and certified**

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact [team@neverletgo.com](mailto:team@neverletgo.com).

DESCRIPTION

The Ascent™ Pouch redefines the rope access tool pouch with a focus on safety and ergonomics. The unique tapered 'D' profile improves capacity, internal visibility and ergonomics whilst the weather-resistant quick-cinch closure provides easy access to the pouches' contents with easy one-handed operation. Internally the Ascent™ Pouch features 4 load-rated anchor points that can be used to securely attach tools. Constructed from Megatex™, the Ascent™ Pouch is extremely durable and made to withstand harsh environments and forces. Megatex™ is up to 7 times more abrasion-resistant than premium military-grade fabric.

FEATURES

Constructed of our highly abrasion-resistant and durable Megatex™  
 Unique tapered 'D' profile improves capacity, internal visibility and ergonomics  
 Unique opening system allows for easy access and one-handed operation  
 Universal fit with Quick Connect™ buckle or metal D ring for easy attachment  
 4 integrated anchor points for multiple tool lanyard attachment  
 Reinforced and raised bottom panel with drainage hole  
 Load-rated external daisy chain for easily attaching items to the pouch

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
